# 14<sup>th</sup> EUROPEAN CYTOGENOMICS CONFERENCE

1 - 4 July 2023  
MONTPELLIER - FRANCE  
[www.eca2023.org](http://www.eca2023.org)

## ABOUT EUROPEAN CYTOGENETICS CONFERENCES

The European Cyto genetics Conferences have attracted scientists from all the major cyto genetics laboratories in Europe and further afield since 1997. European Cyto genetics Conferences are organized biennially. More than eight hundred delegates including key decision makers from all over Europe attend the European Cyto genetics Conferences organized in major cities of Europe. Delegates come to learn about the latest methods and results, and your company is invited to be a part of this learning experience. With a focus on modern methods in molecular and classical cyto genetics, ranging from molecular biology, array hybridization, microscopy, imaging, data analysis to bioinformatics, this is the essential conference to showcase your company to this highly influential audience.

## DELEGATES PROFILE

The conference is meant for anyone working in human, animal or plant cyto genetics. The majority of the delegates work in clinical diagnostic laboratories for postnatal, prenatal and tumor cyto genetics.

Expected Number of Participants: 800
